

Leonard Peltier for President

Janice Jordan for Vice-President

Marsha Feinland for Senate

Leonard Peltier, American Indian Movement leader falsely accused of murder, runs for President from prison on the Peace & Freedom Party ticket.

Leonard Peltier speaks from prison:

The government, under the pretext of security and progress, liberated us from our land, resources, culture, dignity and future. They violated every treaty they ever made with us. I use the word "liberated" loosely and sarcastically, in the same vein that I view their use of the words "collateral damage" when they kill innocent men, women, and children.

They describe people defending their homeland as terrorists, savages and hostiles...

My words reach out to the non-Indian: Look now before it's far too late - see what is being done to others in your name and see what destruction you sanction when you say nothing. Your own treaty, the one between yourselves and the government, is being violated daily; ... the Constitution.

Men of all colors, cultures and religions must stand together to oppose the genocidal policies that face us all as the corporate world seeks to enslave all, and pit one nation against another.

If you try to right what is wrong, you will surely meet great opposition and ... risk imprisonment or death.

I will continue to speak, write and organize until Grandfather himself quiets my life. If I can do this in prison, I have no doubt you can do much better where you stand.

Marsha Feinland, until recently Peace & Freedom Party State Chair, schoolteacher and former elected Berkeley Rent Board Commissioner is our candidate for U.S. Senate.

Picture the world in 2050—the world our grandchildren will inherit from us.

Can we stop the worldwide trends of environmental degradation, continuous war, and growing poverty?

We can, but only by organizing for complete change. Present policies are a bipartisan road to disaster: health care for some, housing for some, and schools based on regimentation and testing, ever more poorly funded.

Corporations continue to loot the environment and people of the world, with the support of our government acting as an international military bully.

We can join together and take ownership of our earth and our lives as a socialist society working together democratically for the common good.

As Senator I will introduce Legislation to:

- ◆ Withdraw troops from Afghanistan and Iraq
- ◆ End aid to Israel until it is back to its pre-1967 borders
- ◆ Repeal the Taft-Hartley Act—restore the right to strike
- ◆ Raise the minimum wage to \$15 per hour
- ◆ Guarantee universal health care
- ◆ Protect all public and native lands from corporate exploitation
